I will be putting up signs to direct you to the restaurant once you reach Clubhouse Drive. It can be a bit tricky to find as it is a golf course so just keep an eye out for the green balloons and the signs! When you reach the top of the hill, the parking lot is on the right. There is handicapped parking right next to the entrance as well as a turnaround driveway, for convenience, where you can be dropped off, if need be, instead of parking and walking. We are being gifted a bartender (cash bar) and he or she will be working only for tips so let us take care of him or her! We also have the entire restaurant to ourselves as it is closed for the season and only open for specific events like ours so feel free to wander! Don't forget to bring your cameras for the view! It's shaping up to be quite an exciting event and I hope to see you all there!
